It is the responsibility of those in charge of an event to ensure that no one who is underage is served any alcoholic beverages. No service will be provided unless clear evidence of legal age is presented. The burden of proof for showing legal age is on the alcohol consumer. Alcohol may not be consumed or carried in open containers in the commons or public areas (as defined by law and University regulations) of any building or grounds, except for group activities or events where alcohol (if required) has been obtained and the building proctor or scheduling has approved the event.

Each group must have an assigned person in charge who is 21 or over. Someone must assume responsibility for supervising the event and should be present at all times through completion of event. Connecticut law states that persons under 21 years of age not be furnished, served, or given alcoholic beverages. Alcoholic beverages with a high alcohol content may be restricted on consumption. The age of attendees will significantly influence what procedures and additional fees will be required to ensure compliance with the law.
